Profile

Results-driven **Frontend & Full-Stack Developer** with **3.6 years of experience** delivering performant, scalable web apps using **React.js, Next.js, TypeScript, and Angular**. Proficient in building reusable components, optimizing UI performance, and integrating **REST APIs**. Adept at leveraging **Material UI, Webpack, Vite, and Core Web Vitals** for responsive, accessible designs. Experienced in working with **Microfrontend (MFE) architecture, Agile/Scrum**, CI/CD automation, and cloud deployments on **AWS**, focused on delivering efficient, user-centric software.

Core Strengths: React.js | Next.js | TypeScript | Angular | Node.js | REST APIs | Unit Test | CI/CD | Performance | Accessibility (WCAG)

Work Experience

Phenom People

Product Development Engineer I (Frontend / Full-Stack Developer)

2025 – Present

Hyderabad, India

- Engineered a **CRM Campaign & Messaging Platform** handling Voice, SMS, WhatsApp, and Email via **Twilio APIs**.
- Built responsive UIs and real-time workflows, boosting user engagement and reliability.
- Implemented **prompt engineering** for AI-driven messaging, improving automation and content relevance.

Divami Design Labs

Software Engineer (Frontend Developer)

2022 – 2025

Hyderabad, India

- Delivered **Blue Yonder SaaS dashboards** using React.js, Highcharts, and Material UI for analytics.
- Built reusable components and optimized API integrations for performance and maintainability.
- Strengthened testing with **Jest, Enzyme, WebdriverIO**, achieving 95% coverage and stable releases.

Projects

CRM Campaign Platform

- Developed an omnichannel campaign system using **Angular, REST APIs, and Twilio** for automated voice, SMS, WhatsApp, and email communication.
- Designed tenant-based configurations and campaign templates, streamlining personalized outreach.
- Optimized API response times with caching and lazy-loading strategies for better performance.

Autonomous Business Planning App

- Built dashboards and visual reports with **React, Highcharts, and Material UI**, enhancing analytics visibility.
- Integrated **real-time REST APIs and GraphQL endpoints** for responsive, accurate data.
- Ensured **WCAG accessibility** and optimized **Core Web Vitals** for improved UX.

Education

B.Tech in Engineering

Parala Maharaja Engineering College, Odisha

2018 – 2022

Higher Secondary (Science)

Arihant Junior College, Odisha

2016 – 2018

Skills

Frontend: React.js, Angular, Next.js, Redux, Material UI, Highcharts, HTML5, CSS3, JavaScript, TypeScript, Webpack, Vite

Backend: Node.js, Express.js, REST APIs, MongoDB

Testing: Jest, Enzyme, React Testing Library, WebdriverIO, Selenium, Roboto

DevOps/Cloud: Docker, Jenkins, AWS (EC2, S3), Firebase, CI/CD Pipelines

Tools: Git, GitHub, Bitbucket, JIRA, Confluence, Agile/Scrum
